

# HANDY HINTS

Compare unit prices between two items to find the best deal!

Some items charge more per pound (unit) like frozen carrots vs. fresh carrots

vs

The price by weight or volume (e.g. price per pound or gallon)

UNIT PRICE	RETAIL PRICE
<b>\$0.70</b> PER POUND	<b>\$3.49</b>
Whole Carrots (5 lb.)	

What you will pay for the item

Often based on weight (like pounds or ounces)
